EDUCATION

Qualification	University	College	CGPA	Year
BE in IT	University of Mumbai	Thadomal Shahani Engineering College	8.74/10.0	2025(exp)
HSC (12th Grade)	State Board	Guru Nanak Khalsa College	90.83%	2021
MHT CET	Maharashtra Board	Guru Nanak Khalsa College	97.98%	2021

SKILLS

Web: React.js, Express.js, HTML, CSS, Flask, Django, Javascript, Redis

Languages: Cpp, Python, Java, C

Platforms: GitHub, Cloudinary

Databases: MongoDB, MySQL

Tools: Git, Canva, Postman

EXPERIENCE

Digiidunia

Jun 2023 – August 2023

Web Developer Intern

- Developed backend with Express.js, integrated MongoDB, decreased loading time by optimizing queries and using Redis.
- Built client-side with React.js and CSS, enhancing user experience with efficient data fetching and server rate limiting.

PROJECTS

EcoSavvy | React.js, CSS (Tailwind), CNN (ML Model), Django, Mysql

- EcoSavvy uses computer vision to enable efficient waste management and recycling practices.
- It is based on ML model built using CNN which segregates waste into 11 different classes.
- It is trained over 8000 data samples to segregate the waste in corresponding class.
- [GitHub](#) | [Demo](#)

SmartLegalX | React.js, CSS, Flask, Express.js, Node.js, Llama2 7b, t5 model, MongoDB

- Developed a chatbot for instant legal document queries, integrated with WhatsApp for accessibility and marketing.
- Implemented a user-friendly form based system for generating legal documents, enhancing accessibility.
- Users receive a summarized version of the legal document for simplified understanding for the uploaded PDF, along with multilingual support and access to a resource hub.
- [GitHub](#) | [Demo](#)

PhishNet | React.js, CSS, Flask, Express.js, MongoDB, Python

- PhishNet automates the phishing domain detection and calculates probability scores based on website similarity.
- Implemented Typo Squatting and utilizes a Chrome Extension to detect whether the current domain is safe or not.
- [GitHub](#) | [Demo](#)

Campus Career Hub | React.js, Gemini, Flask, Express, MongoDB, Socket.io, Whatsapp.js

- Enhanced job search with a platform featuring resume and JD matching, AI based Mock interviews, alumni networking.
- Integrated WhatsApp bot for notifications and company-specific resources, added interactive calendar.
- [GitHub](#) | [Demo](#)

EXTRACURRICULAR ACTIVITY

- Secured 1st position, led the team in the Vega Hackathon among 55+ competing teams, conducted by SAKEC in 2024.
- Secured 1st Runner-Up position, led the team in Crescendo Hackathon among 60+ teams conducted by CRCE in 2024.
- Secured 2nd Runner-Up position in the RUBIX'24 Hackathon among 70+ competing teams conducted by CSI in 2024.
- [LeetCode](#): Ranked 2010 in Biweekly Contest 135, among the top 11.72% rating, solved more than 400 problems.
- Played Chess at DSO LEVEL in 2019 and 2020.

COMMITTEES AND CLUBS

Training Placement Cell

July 2024 – Present

Envoy

- Serve as the main communicator and facilitator between TPO and students during placement drives, gaining valuable experience in leadership and communication.
