76.8% in SSC ,
90+ In maths

PROJECTS

SPOTIFY LANDING PAGE

I have used HTML , CSS and JS for spotify landing page clone . It is a responsive project .

https://altafalam3.github.io/Spotify_clone/

CODEISSANCE HACKATHON

Participated in a 24 hour hackathon for building a job ready skill website for unprivileged womens . I was working on the frontend part (html,css,js).

GUESS THE NUMBER WITH VOICE ASSISTANT

I have made Guess the number game with voice assistant in python which takes the inputs from the user from the microphone instead of keyboard.
